EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the claims

In claim 1, line 7, before "joint post", "the" has been changed to – a –; and line 7, before "connecting holes", "the" has been deleted.

Art Unit: 2871

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

Claim 1 is allowed over the prior art of record because none of the prior art of record discloses or suggests a rotating and reversing mechanism having the features "the lower end of a joint post being inserted into connecting holes on one rim of the upper and lower casings of the CD player, and locked with a screw permitting the CD player to rotate at a limited angle" and "the upper end of the joint post being inserted into a semi-circle cavity of the LCD display and locked with a pin in the LCD display permitting a 360 degrees reversal of the LCD display".

Tanimoto et al, Hsu and Chen et al all disclose a portable computer (which includes a CD player or DVD player) having a rotatable LCD display. However, Tanimoto et, Hsu and Chen et al do not disclose the above-mentioned features of the rotating and reversing mechanism.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to Tai Duong at telephone number (571) 272-2291.
